## Rubber Pond Liners

## Creating the Ideal Waterscape

In a world with a growing population, expanding urban areas and fewer spaces that provide moments of peace and quiet, many homeowners are choosing to create personal sanctuaries in their own backyards. One of the most popular and practical ways to enhance a home's outdoor living space is through landscaping elements like water features. Tranquil ponds, water gardens and bubbling fountains that can convert the bleakest patch of ground into a beautiful, peaceful retreat.

Carlisle's fish-friendly AquaTough™ rubber pond liners combine design flexibility, long-term durability and easy installation, making them an ideal choice for a variety of waterscape applications, including:

- Reflective ponds
- Decorative ponds
- Koi ponds
- Water gardens
- Fountains
- Hardscapes
- Pondless water features
- Streams
- Waterfalls

HOW TO CREATE  
YOUR OWN  
WATERSCAPE

## LONG-TERM PERFORMANCE

Carlisle's fish-friendly AquaTough rubber pond liners are specifically designed to resist the growth of microbes and algae, as well as harsh weather conditions such as frost, snow and extreme temperatures. With enhanced weatherization and increased resistance to ozone and UV exposure, Carlisle pond liners provide long-lasting performance and aesthetic appeal.

**Lifetime Material Warranty Available** (See website for details.)

### Environmentally Friendly

Carlisle SynTec Systems strives to provide the most high-performance, environmentally conscious products, which is why Carlisle AquaTough rubber pond liners are specifically formulated for ground and gardening projects. Carlisle pond liners are safe for most fish and plant life, so homeowners and architects can rest assured that their ponds and other landscaping features will not be detrimental to their properties or the environment.

### Flexible Design

Because of their flexibility, Carlisle AquaTough rubber pond liners can easily be molded to almost any size and shape, allowing them to be used in even the most creative water features.
